

2 June 1967

Mr. George A. Carroll
Office of the Vice President
Washington, D. C.

Dear Mr. Carroll:

The Map Folio requested in your letter of 22 May 1967 includes the two relatively simple maps which you specifically wanted for the Vice President.

Also included are maps of North and South Vietnam at a somewhat larger scale and containing the more detailed road net found on maps in our original Map Folio of Indochina. I hope that the Vice President and you will find these useful as well.

If there are other maps needed to facilitate your work, we shall be pleased to do what we can to provide them.

Sincerely,

((signed))
JAMES A. BRAMMELL
